

DECLARATION OF EMERGENCY**Department of Environmental Quality
Office of Environmental Assessment****Waste Tires Amendments****(LAC 33:VII.10505, 10509, 10519, 10521, 10535, and 10537) (SW039E1)**

In accordance with the emergency provisions of the Administrative Procedure Act, R.S. 49:953(B), and under the authority of R.S. 30:2011, the secretary of the Department of Environmental Quality declares that an emergency action is necessary in order to strengthen the regulations that will ensure proper processing, recycling, marketing, and disposal of waste tires generated in Louisiana. Waste tires that are not processed, recycled, and marketed in accordance with LAC 33:VII.Chapter 105 create environmental and health-related problems and pose a significant threat to the safety of the community. In particular, improper handling of waste tires results in breeding grounds for mosquitoes, fostering West Nile and other mosquito-borne diseases in the environment. The elimination of breeding areas for mosquitoes will reduce the exposure to these insects and the serious health problems associated therewith. This is a renewal of Emergency Rule SW039E, which was effective on July 30, 2004, and published in the *Louisiana Register* on August 20, 2004. This version of the Emergency Rule adds LAC 33:VII.10521.G and H to the original Emergency Rule.

The Waste Tire Management Fund, established to temporarily subsidize the processing, recycling, and marketing of waste tires, has not been generating sufficient funds to provide for the proper processing, recycling, and marketing of waste tires. The failure to provide sufficient funds for the waste tire program may result in the resumption of illegal tire disposal, precipitating an increase in breeding areas for disease carrying vectors and endangering the health of the public and the aesthetics of the environment. Act 846 of the 2004 regular legislative session authorized new fees to be collected. This emergency rule allows for the collection of those fees resulting from the sale of all tires, including recapped/retreaded tires, and adds a new category of motor vehicle dealers. The collection of the fees was effective on September 15, 2004.

This Emergency Rule is effective on November 27, 2004, and shall remain in effect for a maximum of 120 days or until a final rule is promulgated, whichever occurs first. For more information concerning SW039E1, you may contact the Regulation Development Section at (225) 219-3550.

Adopted this 22nd day of November, 2004.
